### **SECOND TERM**

- Each of the 40 students received the following: 10 exercise books and 2 ball point pens.

### **THIRD TERM**

- Each of the 40 student received 10 exercise books and 2 pens.

## **COMMENTS**

- Initially the performance of the children on education bursary was not good despite all the efforts that were done ranging from, counseling, provision of food to remedial classes. We discussed with the head teacher on how best we can do it then we came up with an action of removing the student s from bursary who perform poorly. Previously we were just talking without intensifying it. The moment we started to intensify it, everyone is working hard to remain on the bursary.
- The time we had a meeting with the parents, most of them were very happy to report that they have seen a change in their children. They can see them studying and working hard so that they maintain their position on education bursary list.
- We as Tsogolo la Ana are also happy to see that children on education bursary are doing well in class.
